ABOUT LAANG AGRO FARM

Laang Agro Farm

is a family-managed agricultural operation based in Multan, Punjab, Pakistan.

Our farming activities include mango orchards, protected vegetable cultivation and seasonal field crops, with a focus on careful crop management, produce quality and timely harvesting.

Our mango portfolio includes traditional Pakistani varieties as well as selected late-season varieties, helping extend our seasonal availability.

We continue to explore improved varieties, modern cultivation practices, post-harvest solutions and new market opportunities. We welcome discussions with buyers, agricultural suppliers and international partners interested in long-term cooperation.
